

**MITM2204T: Minor Project**

**Maximum Marks: 100\***  
**Minimum Pass Marks: 40%**

**Maximum Time: 3 Hrs.**  
**Practical units to be conducted: 35-45**

This course will mainly comprise of developing a minor project using any of the different technologies learnt during the course.

**\* There will not be any marks for internal assessment of the student.**

**Guidelines for the Minor Project:**

1. The students are required to undertake a minor software development project during the forthsemester of M.Sc(IT) course along with the regular classes. The project should be done preferably using the programming languages taught in the earlier semesters of the course.
2. The students will complete systems analysis, design, coding and testing of the software project assigned to them by the teacher. The students are required to complete the minor project in the Department given by the concerned teacher of the Department. No outside training/ project work will be allowed.
3. Joint projects may be allowed and joint project reports will also be accepted, with the permission of the teacher concerned. However, the students should highlight their individual contributions in a joint project. The quantum of individual contribution of particular students in joint projects should be such which can be accepted as equivalent to individual minor project. The same must also be reflected in joint reports.
4. Each student should submit one project report of his/her project to the teacher concerned, as per the format decided by the Department.
5. The students are required to give live demo of the software developed by them and there will be viva-voce of the students during the end-semester practical examination.
6. There will not be any marks for internal assessment of the student. The external teacher along with the internal teacher will evaluate the student and marks out of 100 will be awarded to each student according to the following marks distribution.

Project Report	25
Working Demonstration	30
Presentation	25
Viva Voce	20
