Students from different colleges shared their ideas to improve the deteriorated relationship with nature. The college principal told that if we do not improve in time, then the whole universe will have to bear the brunt of it. The Principal said that the purpose of such competitions is to give right direction to the thinking of the youth and make that earth livable for themselves and the generations to come. These youths can contribute in rectifying the damage caused to the earth by mankind due to past mistakes. On this occasion, Dr. Ramandeep Kaur, NSS Program Officer while expressing happiness over this initiative of the students said that we have not inherited this planet from our ancestors but borrowed it from our children.
