On August 10, 2021, as part of the activities being organized on the occasion of 75th anniversary of independence, NSS department under the leadership of DDO Dr Parminder Singh planted trees in village Biggarwal. NSS Program Officer Dr. Ramandeep Kaur informed the volunteers and the villagers that where trees give us oxygen and supplements, they also work to absorb rain water into the earth. With the continuous cutting of trees, the temperature of the earth is increasing continuously, due to which glaciers are melting and sea water is increasing. Natural calamities like flood, drought, storm, earthquake have devastated the life of the people. She told that along with planting more and more saplings, we should also pay attention to the care of the planted plants. We should also try to save the depleting sources of water. Steps should be taken to handle rain water in homes, farms, different private and government departments. On this occasion Udam Singh Pradhan Gurdwara Prabandhak Committee Chatte Nakte, Ajit Singh Numberdar, Satvir Singh Sarpanch, Staff of Primary and Middle School Bigadwal and Mr. Raghuveer Singh etc. were present.
