Event: Case Study About Uses of Medicines at Home on World Anti-Hypertension Day

World Anti-Hypertension Day was celebrated on 16th May 2021 by the NSS Department under the leadership of Principal Tarsem Chand. NSS Program Officer Dr Ramandeep Kaur said that the theme of World Anti-Hypertension Day 2021 is to measure and control blood pressure correctly. She said that on this occasion a project was given to the students in which case inspection was to be done about the medical medicines used in their homes. The main objective of this project was to create health sensibility among the youth of today so that they can save themselves and their families from excessive use of prescription medicines. Students actively participated in this survey. This terrible period of corona epidemic has given us a great education that playing with our health can become the cause of unrecoverable losses throughout life. In this project Gurleen Kaur, Pooja Sharma got first position, Deepika, Randeep Kaur, Khushhali Kansal, Asmi got second position and Sonika Goyal, Khushmanjit Kaur, Sunaina Goyal got third position. College Principal appreciated the participation of the students in this survey and said that such activities inculcate emotional thinking in the youth, which is very important in this materialistic era.
