Annual Report S.U.S Govt College, Sunam (Session 2020-2021)

As we all know that due to Covid-19, the academic session 2020-2021 of our educational institution almost depended on online mode. The various efforts made by the whole staff of this institution established in the backward region of Punjab for the education of students shows their dedication and passion towards their duty. Some professors created private YouTube channels related to their respective subjects to promote education, some made Zoom, Google Meet and some made PDF of syllabus related notices available to students through WhatsApp. Various co-curricular activities for the students during this period is also a beautiful example of the continuous dynamic of the institution. We followed a serious and urgent situation like lock down. Such circumstances were a strange mood for all of us. Following the guide line given by the Central and State Government from time to time, our institution has achieved complete success in keeping the spirit of students strong to deal with and win over the situation like Covid-19. During this period, our organization made the students aware of Kovid-19 along with their studies, encouraged them to take care of their responsibility towards the family and society, staying healthy etc. also achieved success in implementation in form. Meanwhile, the examinations conducted by the university through online method were also very important. To conduct these examinations successfully, we trained our teaching and non-teaching staff in various online methods and the staff members informed the students about the required methods. shared through online/offline mediums. While this time was worrying for all of us, it was also a great opportunity to learn new ways of working. This time will also be remembered for the positive use of communication media at this level. In this difficult time, the spirit of the staff members to perform their duty, their sense of duty towards the students and the institution only makes our vision of community building even stronger.
