## *Annual Report*

*S.U.S Govt College, Sunam*

*(Session 2021-2022)*

The happy thing for our institution is that this time the Chief Minister of the elected state government S.Bhagwant Singh Maan ji has been an old student of this institution. We hope that all this will prove beneficial for our organization in the future. I once again congratulate Chief Minister S. Bhagwant Singh Maan on behalf of myself and my staff.

Academic session 2021-2022 approx. completely offline method means done in traditional way. Happily for the college, after a long time when the college came fully into its previous process, the enrollment of students increased than before, whereas in many institutes, the enrollment of students is clearly lacking. I would say that this is the result of the meaningful efforts made by our staff during difficult times, but maintaining the number of students in the future is a big challenge for all of us. In this session, the teaching classes were held face-to-face, but in the previous sessions, some of the professors created YouTube channels related to their respective subjects, even now they are proving to be helpful in spreading education. It was the first session after covid-19 during which it was great to see smiles on everyone's faces. Re- envisioning of learning and co-curricular activities in this session seemed to reinforce the feeling of living life to the fullest. I feel happy that we have followed the guide line given from time to time by the central and state government and not only motivated the students to deal with situations like covid-19 but also organized many vaccination camps in the college campus itself when the vaccination came. also organized and was successful in helping the government and society. The new working methods learned during the tough times proved to be very helpful for other tasks in this session. It can also be assumed that these difficult times have affected India's digital sector in a big way and its effects are also visible in the teaching and non-teaching activities associated with our higher education. New Education policy-2020 is also going to make our institution unique with its increasing scope. We can say that after the positive use of communication media at this level, the new education policy has directly indicated the change.

Some of the newly recruited teachers joined our organization during this session. It is a matter of pride for all of us that Secretary Higher Education Mr. Krishna Kumar came to inspect the institution and appreciate the development work done in the institution during this session, so I also congratulate all the staff members. This session was special because Many demands of the students were resolved on priority basis. The coming into existence and functioning of the Students' Council in a constitutional form will also prove meaningful for the institution in the future. We have done a lot of development work for the welfare of the students and at the same time the inspection by NAAC has also been kept in mind. Now, without saying anything more, I thank all the employees while presenting the annual report of the session 2021-2022.

**●Information about Institute:-**

This college was established in 1969 AD as a private educational institution. In July 1974 AD, when the holy ashes of Shaheed Udham Singh, recognized as a national honor, were brought to this city due to the efforts of the Punjab Government, the Punjab Government paid homage to this great son.He took over this organization established in the name of martyr.

This educational institution has a great legacy of humanist and secular patriot Shaheed Udham Singh who made the country free. From time to time, this college has given politicians, useful administrators, professors, lecturers, teachers, distinguished sportsmen, doctors, lawyers, engineers, brave soldiers, judges, eminent artists and scholars to the nation.
